TOWSE SUGGESTS
SPECIAL BUREAU
FOR REFERENCE

A legislative reference bureau to be supported by the chamber of commerce was proposed by Ed Towse at the regular meeting of that body yesterday afternoon. Towse volunteered to take the initial steps in the organization of the bureau, along the lines of the successful bureaus in university towns of the mainland. He also offered to give the first set of books for the shelves.

"There is a great need," said Mr. Towse, "for accessible information on past legislation and particularly that in which the chamber of commerce has been supporting. These same questions which are before the legislature today will be up again two years from now if not passed. We will need all the data which has been worked up for the present session to use over again. This would be the function of the reference bureau." The matter was referred to the committee on territorial affairs.
